

Payroll Tax Services – Canada

Navigating payroll tax complexities can be overwhelming, from managing federal, state, and local regulations to ensuring accuracy and timeliness. Working with legacy outsourcing partners adds to the challenge with integration issues or unnecessary steps, disjointed support, and limited visibility into critical details around filing status and data quality.

Make payroll taxes less taxing

We do things differently. With our proprietary tax engine and ability to work directly in your Workday environment, we simplify payroll taxes by handling deposits, filing returns, and proactively managing issues like missing tax IDs or discrepancies. Our intuitive dashboard keeps you informed in real-time about the status of all filings, ensuring peace of mind and compliance.

Improved processing efficiencies

Maximum transparency, control, and audit ability

Fewer retroactive corrections and mitigated risks

Services include:

- Preparation of federal and provincial payroll tax filings and deposits
- Annual tax filings for T4s/T4As and RL-1s/RL-2s
- Preparation and filing of amended returns and supporting documents
- Agency notice resolution assistance
- Tax reconciliation in Workday

"Partnering with OSV allowed 2U to maintain control over our payroll process and data, while being able to scale resources during our hyper-growth phase. With OSV, our payroll team is able to focus on more strategic initiatives."
